Report Soft Skill Development Center : 2016-17

Apart from necessary educational qualification, employers look for some skill sets while recruiting people. Feedback from many employers reveals that there is a shortage of skilled personnel. Many candidate possess limited or no skills. To overcome this situation, our college is running in-house programme to train final year students in soft skills so that they can contribute to their companies soon after being placed.

Majority of the people don't know how to speak fluently in public or about etiquette. So skill and personality development training is a necessity for the youth. Students from vernacular medium schools come to our college for higher education and find it difficult to cope. These students have brilliant technical skills but are unable to communicate their ideas. So, it is really important to bridge the gap between thoughts and practical work. Everyone needs to know how to speak better and present themselves on different occasions. Every year our college organizes soft skill workshops and training sessions on communication skills and etiquette.

Workshop : This year a ten day Soft Skill Workshop was organized in December, 2016. Industrial Partner Barclays sponsored the workshop in association with Global Talent Track and NASSCOM Foundation. A range of topics like communication skills, campus to corporate, stress management, out-of-the-box thinking, team building, leadership qualities, interview techniques and personality development were covered during the workshop. Interactive sessions made the students realize that by being sharp and having clearly defined goals they can track their success easily. It also raised their self confidence as they were able to recognize their ability and competence in achieving the goals set by themselves. Students believe that these skills will be useful during the placement period. About 60 final year students from Arts, Science and Commerce faculty have benefited from this workshop.

Industrial Visits : In addition to the ten day workshop this year industrial visits to Barclays company were also organized for final year students. It helped the students to know more about the corporate culture, etiquettes, Resume writing skills and interview techniques. About 76 students benefited from these visits.

Soft Skill Development Center : 2018-19

Apart from necessary educational qualification, employers look for some skill sets while recruiting people. Feedback from many employers reveals that there is a shortage of skilled personnel. Many candidate possess limited or no skills. To overcome this situation, our college is running in-house programme to train final year students in soft skills so that they can contribute to their companies soon after being placed.

Majority of the people don't know how to speak fluently in public or about etiquette. So skill and personality development training is a necessity for the youth. Students from vernacular medium schools come to our college for higher education and find it difficult to cope. These students have brilliant technical skills but are unable to communicate their ideas. So, it is really important to bridge the gap between thoughts and practical work. Everyone needs to know how to speak better and present themselves on different occasions. Every year our college organizes soft skill workshops and training sessions on communication skills and etiquette.

This year two Soft Skill Workshops of 10 day duration each were organized. Industrial Partner Mahindra Pride Classroom sponsored the workshop in association with NAANDI Foundation. A range of topics like communication skills, campus to corporate, stress management, out-of-the-box thinking, team building, leadership qualities, interview techniques and personality development were covered during the workshop. Interactive sessions made the students realize that by being sharp and having clearly defined goals they can track their success easily. It also raised their self-confidence as they were able to recognize their ability and competence in achieving the goals set by themselves. Students believe that these skills will be useful during the placement period. About 53 final year students (39 Girls and 14 Boys) from Arts and Commerce Faculty and 57 final year students (36 Girls and 21 Boys) from Science Faculty (Total 110 students) have successfully completed this workshop.

Our students found the test very interesting and helpful. They have now got a brief overview of their Personality especially in the context of our workplace and will take the suggestions and put them to use.

We are grateful that you and your team took efforts and time to conduct this extensive activity. We hope to keep this a regular and continuous activity between our Departments.

Thanking you once again.

Report for 2020-21 Soft Skill Development Center

Apart from necessary educational qualification, employers look for some skill sets while recruiting people. Feedback from many employers reveals that there is a shortage of skilled personnel. Many candidate possess limited or no skills. To overcome this situation, our college is running in-house programme to train final year students in soft skills so that they can contribute to their companies soon after being placed.

Majority of the people don't know how to speak fluently in public or about etiquette. So skill and personality development training is a necessity for the youth. Students from vernacular medium schools come to our college for higher education and find it difficult to cope. These students have brilliant technical skills but are unable to communicate their ideas. So, it is really important to bridge the gap between thoughts and practical work. Everyone needs to know how to speak better and present themselves on different occasions. Every year our college organizes soft skill workshops and training sessions on communication skills and etiquette.

This year two online Soft Skill Workshops were organized. Industrial Partner Mahindra Pride Classroom sponsored the workshop in association with NAANDI Foundation. A range of topics like communication skills, campus to corporate, stress management, out-of-the-box thinking, team building, leadership qualities, interview techniques and personality development were covered during the workshop. Interactive sessions made the students realize that by being sharp and having clearly defined goals they can track their success easily. It also raised their self-confidence as they were able to recognize their ability and competence in achieving the goals set by themselves. Students believe that these skills will be useful during the placement period. 65 (35 Girls and 30 Boys) final year UG and PG students from Arts, Science and Commerce Faculty have successfully completed this workshop.

About the Society, College and Department

Progressive Education Society is established in 1934 by Shankarraoji Kanitkar & prominent teachers and experts in educational field. He was a freedom fighter and a member of Pune Municipal Corporation for 20 years. Presently there are 53 Educational Institutes consisting of Schools, Colleges, Professional Colleges, Management Institutes, Computer Center, etc. Progressive Education Society's **Modern College of Arts Science and Commerce, Ganeshkhind** came into existence in 1992. With the picturesque Chaturshringi Hills in the backdrop, the college is located exactly opposite the Pune University. Instituted with the avowed aim of imparting quality education to students hailing from diverse socio-economic background and those living in and around Pune city, the college has shown exponential growth in a short span of 25 years. With a unique blend of traditional and need-based courses to offer, the college today is one of the fastest growing colleges of Pune and a most preferred destination for students - local, national and international. **Department of Geography** was established in 1992. This is well equipped with advanced equipments and instruments. The department has glorious history of meritorious students and students' centric activities like study tours, trekking, movie screening, nature trail, study visits etc.

About the Trekking Club

Trekking Club of Modern College, Ganeshkhind is established in 2000. Every year Trekking Club organizes Nature trail, Trekking, River Crossing and Outdoor activities in Sahyadri mountain ranges and at various forts with 100s of students at intercollegiate level. Trekking is a majestic, satisfying and refreshing of traversing a span of nature for a period of time. From the invigorating sights to the quiet moments of self-reflection, trekking provides a number of health benefits ranging from physical to mental to spiritual.

About Harishchandragad Trekking

Harishchandragad is a hill fort in the Ahmednagar district in Western Ghat in Maharashtra. This fort has played a major role in guarding and controlling the surrounding region with an altitude of 1422 m. The fort is quite ancient. Remnants of Microlithic man have been discovered here. The various Puranas include many references about Harishchandragad. Its origin is said to have been in the 6th century, during the rule of Kalachuri dynasty. The citadel was built during this era. The various caves probably have been carved out in the 11th century. In these caves there are idols of Lord Vishnu. Though the cliffs are named Taramati and Rohidas, they are not related to Ayodhya. Great sage Chandevar used to meditate here in the 14th century. The various constructions on the fort and those existing the surrounding region point to the existence of diverse cultures here. The carvings on the temples of Nageshwar (in Khireswar village), in the Harishchandreshwar temple and in the cave of Kedareshwar indicate that the fort belongs to the medieval period, since it is related to Mahadeva as a totem of tribes Koli Mahadev. They were controlling the fort before Mughals. Later the fort was under the control of Moghal. The Marathas captured it in 1747. GPS mapping of the caves and star gazing at night is also included in this program. Sky watching for the beginners can be accomplished here and it is truly science made interesting for students. Amateur astronomy is a hobby whose participants enjoy watching the sky, and the abundance of objects found in it with the unaided eye.

He was a freedom fighter and a member of Pune Municipal Corporation for 20 years. Presently there are 53 Educational Institutes consisting of Schools, Colleges, Professional Colleges, Management Institutes, Computer Center, etc. Progressive Education Society's **Modern College of Arts Science and Commerce, Ganeshkhind** came into existence in 1992. With the picturesque Chaturshringi Hills in the backdrop, the college is located exactly opposite the Pune University. This is well equipped with advanced equipments and instruments. The department has glorious history of meritorious students and students' centric activities like study tours, trekking, movie screening, nature trail, study visits etc.

About the Trekking Club

Trekking Club of Modern College, Ganeshkhind is established in 2000. Every year Trekking Club organizes Nature trail, Trekking, River Crossing and Outdoor activities in Sahyadri mountain ranges and at various forts with 100s of students at intercollegiate level. Trekking is a majestic, satisfying and refreshing of traversing a span of nature for a period of time. From the invigorating sights to the quiet moments of self-reflection, trekking provides a number of health benefits ranging from physical to mental to spiritual.

About Harishchandragad Trekking

Harishchandragad is a hill fort in the Ahmednagar district in Western Ghat in Maharashtra. This fort has played a major role in guarding and controlling the surrounding region with an altitude of 1422 m. The fort is quite ancient. Remnants of Microlithic man have been discovered here. The various Puranas include many references about Harishchandragad. Its origin is said to have been in the 6th century, during the rule of Kalachuri dynasty. The citadel was built during this era. The various caves probably have been carved out in the 11th century. In these caves there are idols of Lord Vishnu. Though the cliffs are named Taramati and Rohidas, they are not related to Ayodhya. Great sage Chandevar used to meditate here in the 14th century. The various constructions on the fort and those existing the surrounding region point to the existence of diverse cultures here. The carvings on the temples of Nageshwar (in Khireswar village), in the Harishchandreshwar temple and in the cave of Kedareshwar indicate that the fort belongs to the medieval period, since it is related to Mahadeva as a totem of tribes Koli Mahadev. They were controlling the fort before Mughals. Later the fort was under the control of Moghal. The Marathas captured it in 1747. GPS mapping of the caves and star gazing at night is also included in this program. Sky watching for the beginners can be accomplished here and it is truly science made interesting for students. Amateur astronomy is a hobby whose participants enjoy watching the sky, and the abundance of objects found in it with the unaided eye.

Subject: Invite to participate in Maha Walkathon 2019 to spread awareness on Road Safety No Honking – Responsible Driving – 30 November 2019

Greetings from Public Works Department !

Vehicular honking in cities has reached alarming levels, contributing to 70% of Noise Pollution in our environment. Honking is a menace that is plaguing our city and affecting all of us, including children.

Same is the case with Road Safety rules being followed by all – Drivers and pedestrians. It is observed that there are more than 1.5 Lakh deaths by road accidents each year, and Maharashtra accounts for about 15,000 deaths and this number is just not coming down. The department is concerned about this level of road accidents and is determined to reduce the same by taking appropriate measures.

One of which is to educate the citizens by our Movement: **Maha Walkathon**

Maha Walkathon is a joint event organized by Maharashtra Motor Vehicle Department, Public Works Department, CASI global and CSR Diary. Participation in Maha Walkathon to create awareness on Road Safety – No Honking – Responsible Driving will go a long way in controlling the same. Hence we appeal everyone to join us and create awareness in the society.

Kindly issue a circular to this effect so your students and students from your affiliated Colleges can join the movement.

Modern Cycling Club

Pune to Pandharpur Cycling Report

Modern Cycling Club was established in 2018 to promote cycling among students for their physical and mental fitness as well as prosper in nature. Cycling is the best practice to avoid traffic conjunction, reduce air pollution in positive manner. Every year our Modern Cycling Club has organised Cycling Expeditions for more than two days. Few are as follows:

1. Pune to Goa- 500 km in 4 days in Nov 2016
2. Pune to Ashtavinayak – 625 km in 5 days in Nov 2017
3. Pune to Kanyakumari – 1600 km in 12 days in Nov 2018
4. Pune to Pandharpur to Pune – 450 km in 4 days in Dec 2020.

Other than big expeditions, we also organise small rides from our college for 25 km, 50 km, 100 km in one day. We have done cycling to Lonavala, Katraj Ghat, NSS village, Yavat, Dehu Alandi, Sinhgad etc along with our students.

Pune to Pandharpur Cycling :

We have completed Pune to Pandharpur Cycling expedition on 16 to 19 Dec 2020 in four days covered distance of 450 km. This was two way ride and not much strenuous, because distance was not long. We have given name to this expedition as Bhakti-Shakti Ride, for the sake of Vitthal of Pandharpur. It was very wonderful and joyous experience for the ride members. The following members were pedalled so far.

- | | | |
|------------------------|------------------------------|-----------------------|
| 1) Dr. Sanjay Patil | 2) Dr. Deepak Shendkar | 3) Prof. Namdeo Doke, |
| 4) Prof. Sandeep Sanap | 5) Prof. Bhujang Sawaishikre | 6) Bhushali Musale, |
| 7) Samrudhhi Shendkar | 8) Namdeo Manshetwar. | |

This expedition was very special for us in the Corona Pandemic period. There might be risk of Covid disease while communicating long distance. But fortunately our ride was successful. We started this ride from our college on 16th Dec 2020 at 7.00 am. Five teachers and two students were participated in the expedition. All members were experienced in cycling in previous expeditions. First day we pedalled 141 km in 9 hours. We halted at Loni Devkar village, where we stayed at our student's home, viz, Gaurav Devkar and had delicious veg, non-veg food. Next day morning we have started towards Pandharpur via Indapur on Solapur road. The Solapur road is ideal for cycling without any barriers. From Tembhurni we took right towards Pandharpur, this route was usually used for Saint Tukaram Palkhi Marg. Finally we reached at Pandharpur around 2 pm covered 94 km. Our past student Prasad Shirsikar had managed our stay in private lodge near mandir. After getting fresh, we

took darshan of Vitthal mandir from outside, because pandemic situation mandir darshan use to shut down before 8 pm.

Schedule:

Day 1 : Pune to Loni Devkar : 141 km

Day 2 : Loni Devkar to Pandharpur : 94 km

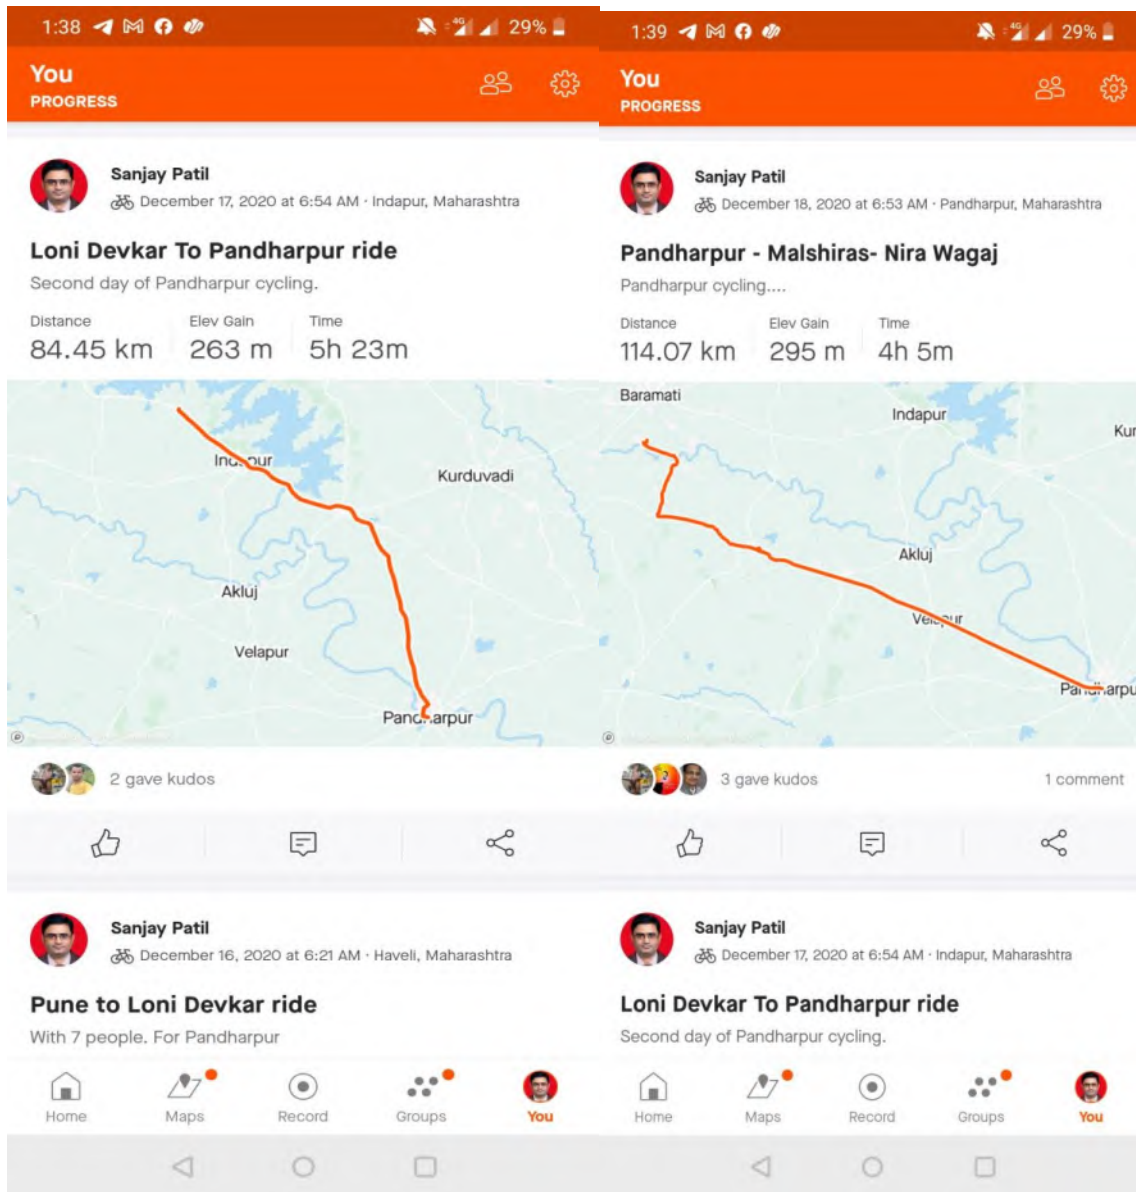

Day 3 : Pandharpur to Nira Wagaj : 120 km

Day 4 : Nira Wagaj to Pune : 121 km

On third day, we started pedalling back towards Pune via different route. This route was known for Saint Dnyaneshwar Palkhi Marg. But this road was under construction for widening purpose. While coming back we met our friend at Natepute, he was Geography teacher in senior college. At night we stayed at friend's (Bhalchandra Dhekane) home at Nira Wagaj covering distance 120 km. The whole area is cultivated as sugarcane. At night we had interaction with sugarcane cutters (shifting labourers) and understand their problems regarding their wages, duration, shelter and education and health problems. In the early morning we have started cycling towards Pune via Baramati. The whole region was lavish green due to sugarcane cultivation. Big canals waters to sugarcane which changed the total agriculture pattern from jowar to sugarcane. Basically this region (eastern Pune district) is drought prone area. Finally we reached Pune via Saswad and Dive ghat at evening covered 121 km distance. In all, we covered 450 km distance in four days. Everyone was satisfied with our Shakti-Bhakti Bicycle Ride.
