CALL FOR PAPERS

Online Journal of Computer Science & Information Technology

(OJCSIT) is a scholarly online, open access, peer-reviewed, interdisciplinary, half yearly journal focusing on theories, methods and applications in computer science and Information Technology.

The journal covers all areas of computer science, like computer science, cyber security, biometrics and bioinformatics, database management system Artificial Intelligence, Software Engineering and more. We publish **original research articles, review articles and technical notes**. Selected conference papers also will be published with the permission of OJCSIT.

The Journal welcomes the submission of manuscripts that meet the general criteria of significance and scientific excellence. For this purpose we would like to ask you to contribute your excellent papers in computer sciences and relevant fields. I hope you find this journal informative and useful. It is a new initiative.

Review Process

OJCSIT follows quick evaluation method. In order to reduce the time to publication as compared with traditional journals.

- 1 Each paper will be reviewed by an expert
- 2 The submission will be sent out to review within a day
- 3 The report will send to authors with payment instructions.
- 4 Final document will be evaluated by technical committee and if satisfied, document will be forwarded to publication committee. Otherwise once again document will be forward to author for modification.
